the Federal Service

REFERENCE: DIRNSA Memo to DCI, dtd 9 April 1984

Thank you very much for your thoughtful and concerned presentation of the problems currently confronting NSA in the area of recruitment and retention of qualified personnel. This topic, as you noted, is part of the larger manpower issue discussed at our December Planning Conference and your concerns are shared by many in the Community. I have asked the Intelligence Community Staff to take the lead in proposing recommendations and initiatives in the manpower area and I have provided them your memorandum for incorporation into their studies. I am sure that their recommendations will address the key points presented in your memorandum.
